

Vaal Triangle Business League Squash

Newsletter - 6

What's new?

We have entered the second round of the Summer league albeit a week late. Better than dancing in the dark though! This will mean a slight change to the schedule. I have moved all the games forward by one week.

Therefore our year-end function will be in the beginning of December. I hope that suits most.

The other implication of this is that I no longer have the time to allow postponed games to be played later. And because of the Masters most people will lose another two games so do the maths. **Cut-off for postponed games is then the 12th of October.** Any later than this and we might as well have a lucky draw for the seeding for the individual knockout and flip a coin to see which team wins the Summer Trophy.....

Also, be sure to check out the Vaal Triangle Squash website – we have our own tab. Visit <http://www.vaaltrianglesquash.co.za>

Summer Trophy Round 1 Results

And the current standings are.....

Due to the large number of incomplete games and scorecards I don't have this information.

I will be working hard at getting it done so I will put up the previous sheet for 2 weeks so that it can be updated.
