Challenge rules

In general, the following guidelines will apply:

In successful challenge matches, with respect to the winner:

1. If challenged player is 0-3 positions above (the challenger), the winner moves up 1 position
2. If challenged player is 4-6 positions above, the winner moves up 2 positions
3. If challenged player is 7-9 positions above, the winner moves up 3 positions
4. If challenged player is 10-12 positions above, the winner moves up 4 positions
5. If challenged player is 13-15 positions above, the winner moves up 5 positions
6. If challenged player is 16-18 positions above, the winner moves up 6 positions
7. If challenged player is 19-21 positions above, the winner moves up 7 positions
8. If challenged player is 22-24 positions above, the winner moves up 8 positions
9. If challenged player is 25-27 positions above, the winner moves up 9 positions
10. If challenged player is 28-30 positions above, the winner moves up 10 positions, etc.

When the winner moves up according to above rules and ends up directly underneath the challenged player, the winner/ challenger shall move another position up to be above the loser / challenged player.

With respect to the loser:

1. If challenged player is 0-4 positions above, the loser does not move
2. If challenged player is 5-10 positions above, the loser moves down 1 position
3. If challenged player is 11-16 positions above, the loser moves down 2 positions
4. If challenged player is 17-22 positions above, the loser moves down 3 positions
5. If challenged player is 23-28 positions above, the loser moves down 4 positions
6. If challenged player is 29-34 positions above, the loser moves down 5 positions
7. If challenged player is 35-40 positions above, the loser moves down 6 positions
8. If challenged player is 41-46 positions above, the loser moves down 7 positions
9. If challenged player is 47-52 positions above, the loser moves down 8 positions

10. If challenged player is 53-58 positions above, the loser moves down 9 positions, etc

The movements / ranking of some players (new players, strongly improved players, current form and recent history of players, etc.) on the ladder are being made outside the above guidelines, based on the ladder coordinator's experience, forecasts and interpretation of relevant factors.
